

Lake, castles, and water sports: Toblino and Cavedine Lakes

See two of the most charming lakes of Trentino in just an afternoon! From Le Vallene you'll head towards Lake Toblino: dominated by the homonymous castle, this picturesque lake will take you back in time. There you can choose to walk along the beautiful path that runs along the lake, or simply stop to take some photos. You will then reach Lake Cavedine. Caressed by the Garda breeze, Cavedine is a true paradise for water sports lovers. At the Wind Valley Sport Center you can try sailing, windsurfing or kayaking lessons, or simply rent equipment to try on your own.
